

Cable Management Post Clamps

Cable Management Post Clamps provide a tool-less solution for organizing cables on round posts of various diameters. The Post Clamp features an open channel that accommodates multiple cables, creating a streamlined group of cables for simplified management and security. Available in 1.50 in, 1.75 in, and a 3-Clamp Kit for AXIS Stands, these clamps offer versatile solutions for any setup.

Cable Management Post Clamp Kit For AXIS Stands

The Cable Management Post Clamp Kit For AXIS Stands, includes 3 Cable Management Post Clamps, one for each stage of the AXIS Stand (1.385, 1.585, 1.785).
